

STANDARD PRICING LIST

Tax Returns:

Every tax return is different and no one can quote a price without seeing what is involved in the preparation. That said, below are the starting points for our services. Extensions and any reports that cannot be e-filed are mailed by certified mail as proof of timely filing.

- Individuals: \$150 for simple Federal 1040 increasing based on the number and type of forms required
- Entities: \$350 for Corporations and Partnerships increasing based on required added forms
- State Returns: \$100 and up depending on Complexity
- Franchise Taxes: \$100 per return if all the data is available. Extra charges apply if we have to go hunting for it.
- State Central Appraisal Renditions: \$50 if you provide a depreciation schedule or we already have one in our system.
- E-filing: \$35 per return
- Shoebox Fee: If the data is presented in the form of loose, disorganized information that we have to sort, organize and collate, there is a minimum charge of \$100 plus \$45 per hour that we have to spend, essentially, doing the bookkeeping.
- Discounts: We do provide discounts for certain groups as listed on the home page. In addition, repeat clients and/or clients who pay for monthly or quarterly bookkeeping with our company get special discounts on tax preparation.

Bookkeeping and Accounting:

Business bookkeeping (writeup) and accounting (preparation of financial statements and/or analysis of financial records) is based on the type and number of transactions and the frequency with which writeup and statements are required.
